DRESS CODE POLICY

The Dress Code Policy aims to maintain reasonable and appropriate standards at all Golf Québec competitions. All Golf Québec players and caddies must adhere to the Golf Québec dress code. The dress code applies during all official practice rounds and competition rounds, as well as whenever the player or caddie is on the host venue's course.

Additional dress code restrictions imposed by the host venue are in addition to Golf Québec's requirements.

The committee reserves the right to determine whether an outfit is appropriate or not. Players who violate the Dress Code Policy will not be permitted to start their round, or if the violation is discovered after play has begun, the player or caddie must promptly comply.
